Remarks: the reason for the proclamation of this Act is that the Announcement of National Executive Council No. 103, dated 16th March B.E. 2515 has come into force for a long time. Some of its certain provisions are not appropriate to present circumstances, and additionally the regulations relating to labour protection under the Announcement are in the form of ministerial notification which is a subordinate law leading to a problem of recognition. Therefore, in order to create up-to-date and fair labour, its provisions regarding labour practices should be amended, such as authorizing the Minister in issuing a ministerial regulation to provide more special protection to some certain kinds of labour than labour in general, prohibiting an employer from terminating a female employee on the grounds of her pregnancy, entitling a young worker to leave for studying or training, stipulating compensation for loss of income to be paid by an employer to an employee in case of the business suspension, determining the terms of some debts to be deducted from an employee’s remuneration, establishing the fund for supporting an employee, or a beneficiary as specified by the employee or, in case of no specified beneficiary, an heir to receive benefits of a deceased employee from the Employee Welfare Fund, as well as amending the penalties as appropriate with current economic situation.

Royal Decree on the amendments of the provisions regarding the transfer of the administration and duties of the government agencies in accordance with the Act Organizing Ministry, Sub – Ministry and Department B.E. 2545.

**Remarks:** the reasons for the proclamation of this Royal Decree are to enact regulations in response to the transferring of administration, functions, Ministers and personnel according to the Act organizing Ministry, Sub – Ministry and Department B.E. 2545, which requires to establish new government agencies with new functions, so all relevant regulations shall be amended to be complied with the new functions. Therefore, for implementing the principles of Act and the Royal Decree, it is expedient to amend the provisions of the laws to be complied with the transfer of the government agencies. In order to let the relevant persons be clear in executing the laws without looking up whether there has been the transfer of authority from certain competent agencies or persons to any agencies or persons by amending legal terms regarding the change of names of competent authorities, ministers, competent persons in relevant agencies or competent persons in response to the transfer of authority as well as adding representatives of relevant agencies in certain committees in response to the functions based on the transfer of authority and eliminating dissolute agencies from the legal text which is the amendment based on such laws.

The Labour Protection Act (No. 2) B.E. 2551

**Remarks:** The reason for the proclamation of this Act is that some certain provisions of the Labour Protection Act B.E. 2541 have not been in compliance with present circumstances, and do not facilitate the carrying out of labour protection. It is expedient that such provisions should be amended by prohibiting an employer to demand or receive a guarantee deposit for work or damage to work; authorizing the court to order contract of employment, work rules, regulation or order of an employer being enforceable only to the extent as it is fair and reasonable. Moreover, it requires an employer and an employee to reach an agreement to make up the remaining working hours in other normal working days, but not exceed nine hours per day; empowering the Welfare Committee to order an employer to pay special severance pay or special severance pay in lieu of advance notice in case of relocation of the place of business; and requiring an employer to submit a report form on conditions of employment and working conditions; furthermore, adding penalties to be appropriate and in accordance with the amendments. It is, therefore, essential to enact this Act.
The Labour Protection Act No. 3 (B.E. 2551)

Section 10. Any Rule, Notification or Order under Section 79, Section 84 and Section 88 of the Labour Protection Act B.E. 2541 enforcing prior to the date of enforcement of this Act shall remain in force as long as they are not contrary to or against this Act, until there is rule, notification or order issued under Section 79, Section 84 and Section 88 of the Labour Protection Act B.E. 2541 as amended by this Act.

Section 11. The Minister for Labour shall be in charge of the execution of this Act.

Remarks: The reason for the proclamation of this Act is that the provisions in Chapter 6 of the Labour Protection Act B.E. 2541 have not been in compliance with the circumstances. It is expedient that the provisions regarding duties and powers of the Wage Committee should be amended to empower the Wage Committee in determining the Wage Rate by Skill Standards and in appointing advisors to the Wage Committee; to stipulate the Wage Committee for proposing the wage rates as determined to the Cabinet for publishing in the Government Gazette; and to authorize the Wage Committee Office in setting the national wage and income system development plans to the Wage Committee, and in following-up the said development plan so as to get the wage rate determined by the Wage Committee that are effective and fair for employees. It is, therefore, essential to enact this Act.
